

Closure of unviable PSUs

1761. SHRI KRISHNA KUMAR BIRLA: Will the Minister of FINANCE be pleased to state:

(a) whether Government propose to close down unviable public sector undertakings in the country;

(b) if so, what are the details thereof stating the accumulated loss suffered by each of the public sector undertakings proposed to be closed down; and

(c) what are the reasons for failure of the measures taken by Government for the revival of these PSUs?

THE MINISTER OF STATE IN THE MINISTRY OF FINANCE (SHRI BALASAHEB VIKHE PATIL): (a) to (c) There are several PSUs which are sick and no capable of being revived. The only remaining option is to close down these undertakings after providing an acceptable safety net for the employees and workers. However, actual closure if required is resorted to on a case to case basis after obtaining the specific approval of the appropriate authority.

Enterprise specific measures are to be taken by the Administrative Ministry concerned. However for sick industrial PSUs, revival/rehabilitation/closure rests with BIFR under the provisions of Sick Industrial Co. Act. (SICA). For remaining PSUs, Administrative Ministries in consultation with management and workers of enterprises concerned explore various options and devise appropriate measures. Details of net profit/loss of Loss Making Enterprises as available in Public Enterprises Survey (1998-99) issued by Department of Public Enterprises are given in the statement (*See below*) There are various constraints of *revival of chronically* sick enterprises. These include overemployment, obsolete technology, lack of adequate resources for modernisation, upgradation of technology and capacity expansion etc.
